March 25, 2020

We're here for you: A message to our customers.

Drew Messler, President and CEO, Micro Image Technologies, Inc.

Thank you for having chosen to work with a company that has been a leading advisor and solutions provider to the most skilled surgeons and world-renowned hospitals throughout the Northeast since 1996. Providing sound advice and guidance is at the core of what we do. In today's uncertain environment, we remain strong and ready to serve and support you.

As with most parts of the economy, the COVID-19 outbreak and associated government actions to mitigate the spread, is having an impact on our business. We are experiencing supply and delivery delays particularly given the fact that medical facilities are limiting access to outside parties during this period of time. We agree with these steps as vital to ensuring the safety of the public as well as of our employees and partners.

We will continue to monitor and communicate the constantly evolving recommendations for health and safety as they relate to COVID-19 and its impact on you.

If you have questions and would like to talk, please contact your [Regional Sales Consultant](#), or reach out to me directly: (732) 740-5794 or Drew@MicroImageTech.net

Our top priority is the safety and well-being of our customers, employees, partners and the communities we serve. We will all come through this time stronger and more connected.

Sincerely,

Drew
