X5 Designed Without Compromise

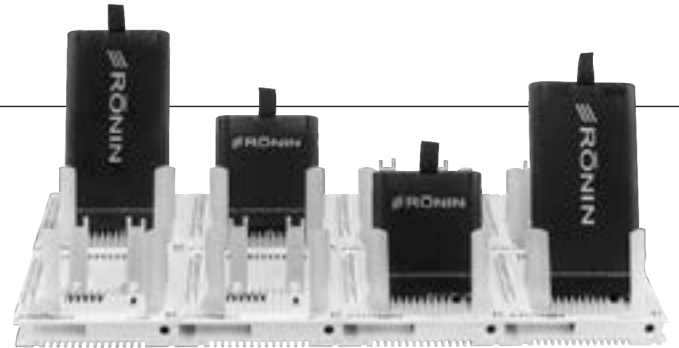

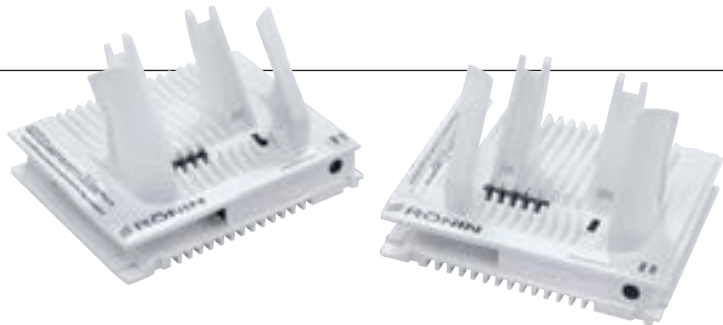

X5
LIGHTEST
BRIGHTEST
LONGEST-RUNNING
OPERATING ROOM SURGICAL HEADLIGHT

X5 Features at-a-glance

350,000 LUX	The most powerful surgical headlight on the market. Period.
1.7oz Luminaire, 6.2oz Total	The lightest luminaire on the market at 6.2oz (Softband) and 8.2oz (Hardband).
6 hr runtime at max brightness	The X5's battery lasts 6 hours at max brightness and up to 50 hours at reduced power levels.
Wireless Operation	Freely move about the operating room for the ideal surgical approach.
3 Hour Charge Time	Quickly charge X5 batteries using the desk/wall mountable supercharger.
5" to 1.75" spot at 18"	Adjustable spot diameter fits any procedural need.
4 Point Enhanced Articulation	The most degrees of articulation of any headlight for precise positioning around any loupes.
Intelligent Feedback	Haptic vibration, auditory alerts, and visual indicators provide power level notifications.
Low Profile	Greatly reduces "head-butting" while increasing viewing angles

THE RONIN FOUNDATION

www.RoninFoundation.org

Our mission is to provide light where light is needed. From South America to Africa, we are dedicated to help doctors who give their time to help others. The Ronin Foundation provides lighting equipment for use while doctors are on their mission.

How it Works

- STEP 1 The traveling doctors will request a unit from Ronin Surgical for a specific date of their mission trip.
- STEP 2 The doctors will receive the unit before departure and take the unit with them in their personal belongings.
- STEP 3 The doctors will use the product during the mission and bring the complete unit back with them.
- STEP 4 Once home from their trip, the doctors will ship the unit back to Ronin Surgical to be prepared for the next mission trip.

Let's Make A Difference Together
